

Component 2 -

Topic 6:

Resource
Management

Geography Learning Journey

Component 1 -

Topic 3:

Ecosystems,
Biodiversity and
Management

Component 3:

Geographical
Investigations

YEAR
11

Component 2 - Topic 5:

Global Development

Component 2 -

Topic 4: Changing
Cities

Field work,

Migration and Urbanisation:

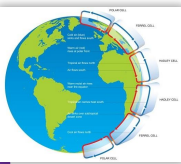

Why are people moving to
cities

YEAR
10

Component 1 - Topic 1
Changing Landscapes
of the UK (Rivers)

Component

1- Topic 2:

Weather
Hazards and
Climate
Change

Asia:

How is Asia being
transformed?

Component 1 - Topic1:
Changing Landscapes
of the UK (Coasts)

Resource Management:

Are we running out of
resources?

Humans Impact:

How are humans
impacting our
world?

Africa, a continent
of contrasts?

Middle East:

Why do people fight
over the Middle East?

YEAR
9

Development:

Why are some
countries still poor?

Coasts:

What happens when
the land meets the sea?

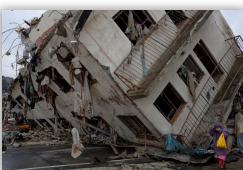

Economy:

What is the global
economy?

Violent Earth:

Why is our planet a
violent place to
live?

YEAR
8

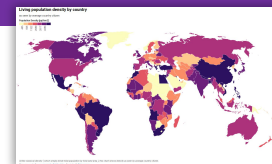

Local Area:

Why is where I
live so special?

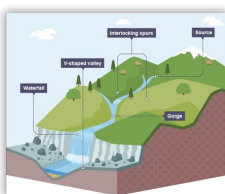

Population:

Why is the worlds
population
growing?

Human Features:

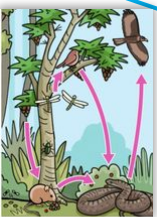

Types of settlement and
land use.

Rivers:

Why are rivers
important?

Ecosystems:
Are we too
late to save
ecosystems?

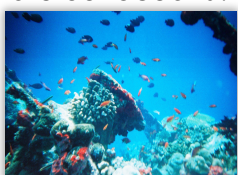

Weather and
climate:

What is the
difference
between weather
and climate?

Under the Sea:

How deep and dark
are our oceans?

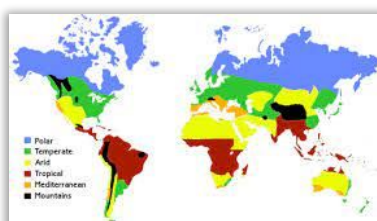

Geography Skills:

How can I become an
amazing geographer?

Physical Features:

Climate zones and
key physical features
including volcanoes.

Location:

Continents and
oceans in the
world. The four
countries of the
UK and their
capitals.

PRIMARY
SCHOOL

Humanities intent:
Understanding the
Wider World.
Geography Intent:
Understanding
processes and
impacts
